REC-25 62-115300-136 BY COURIER SERVICE
Date: February 21, 1975

To: **ST-III** Ambassador Lewis Hoffacker
Chairman
Working Group
Cabinet Committee to Combat Terrorism
U.S. Department of State
Washington, D. C. 20520

From: Clarence M. Kelley, Director

Subject: RESEARCH PROPOSAL FOR COMPUTERIZATION OF
CERTAIN TERRORIST DATA
INTERNAL SECURITY - MIDDLE EAST

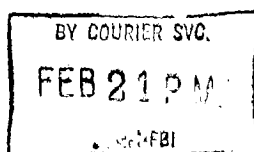

Reference is made to your letter dated January 30, 1975. Personnel of this Bureau who are involved in the problem of terrorism have reviewed the proposal of the American Institutes for Research (AIR) regarding the computerization of terrorist data and feel it would be a definite aid in a hostage negotiation situation. The results of this project could be considered, along with other factors prevailing at the time, in arriving at a course of action in such a situation. The FBI also sees the training value of such a project in preparing personnel for future terrorist/hostage negotiation situations.

Of course, the key factor in the proposed research project is whether AIR can, through its research, arrive at valid values for the variable factors which make up a terrorist situation. You will have to satisfy yourself with AIR's previous experience in the terrorist field and their ability to accomplish the above.

Concerning the cost of this proposed project, I must advise you that due to budgetary limitations this Bureau will be unable to contribute to its cost.

The purpose of this memorandum is to advise you of a research project by a private research organization concerning the computerization of certain terrorist data, which project is being considered by the Cabinet Committee to Combat Terrorism (CCCT). Ambassador Lewis Eoffacker, Chairman, Working Group, CCCT, requested FBI comments regarding this proposed project. The FBI is a member of the CCCT. Attached letter to Ambassador Eoffacker reflects FBI comments.

REC-56

62-115360-137

1975

Referral/Direct

The AIR project is similar in many respects to the Terrorism, Research and Management Staff (TRANS) project which has been already recommended by the Intelligence Division. See memorandum F. S. Putman to W. R. Wannall, dated 10/7/74, captioned "Study/Action Plans to Assist During Terrorist Incidents."

The TRAMS project will deal with U.S. Government response to terrorist acts which take place in the United States. To date, there have been no hostage rescue situations in the U.S. which have been perpetrated by politically motivated terrorist groups.

Memorandum to Mr. W. R. Wannall
Re: Research Proposal for Computerization of
Certain Terrorist Data

It is the opinion of the Intelligence Division that the above-proposed project has merit as it could be a valuable aid in helping to predict the actions of a terrorist in a hostage negotiation situation. [REDACTED]

Referral/Direct

The attached project is not being submitted to the Computer Systems Division as the FBI computer will not be used in this project. The FBI is not being asked to comment on the feasibility of this project. Therefore, our comments are directed to the usefulness of the project if it works. This project is not being submitted to the Legal Counsel Division as the FBI will not be putting intelligence information into this project. The input will be past terrorist acts, all of which to date have taken place outside the United States. If a terrorist act should take place in the United States, the FBI would input factual data such as characteristics of the terrorist, identity of his group, circumstances of the act, etc., which are not intelligence data.

RECOMMENDATION:

That the attached letter be sent to Ambassador Lewis Hoffacker, Chairman, Working Group, CCCT, setting forth FBI comments as outlined above regarding the AIR research project on terrorism. This letter also states that as a member of CCCT the FBI is unable to share the cost of such a project due to budgetary limitations.

[Redacted]

[Redacted]

This provoked a lengthy and somewhat controversial discussion as Energy Research and Development Administration (ERDA) and the Nuclear Regulatory Agency both objected to [Redacted] being the Chairman of this group. The Department of Justice representatives also expressed the desire to participate in these meetings.

b6 PER FBI
b7C

Referral/Consult

The use of this group to determine the present limitations and capabilities of the various agencies to handle a mass destruction crisis could be worthwhile. However, we must remain alert to insure that the Cabinet Committee and this group are not attempting to encroach into areas where they have no responsibilities. Although it is noted that the initial charter of the Cabinet Committee to Combat Terrorism, as given by the President, is to establish ways of preventing terrorism at home and abroad.

On 6/9/75, [] from the office of the Cabinet Committee to Combat Terrorism telephonically contacted me and advised that Robert Fearey, Chairman, Cabinet Committee to Combat Terrorism, and Lou Fields, Legal Advisor, Department of State, representing the Cabinet Committee to Combat Terrorism, had testified on 5/14/75 before the Subcommittee on Internal Security of the Senate Judiciary Committee. The meeting had been chaired by Senator Strom Thurmond and most of the questioning had been by James Sourwine. [] advised that the Cabinet Committee, as a result of this testimony, had now received from the Subcommittee a list of 53 questions to be further answered. [] advised that 7 of these questions appeared to relate to FBI interest. After discussions with [] it was decided that the Cabinet Committee to Combat Terrorism would respond to the 7 questions by stating that they appeared to be questions more readily answered by the FBI and that since Mr. Fearey understood that the Director possibly would be testifying before this group, that the Committee might desire to ask these questions of the Director.

The questions are listed below:

(1) Have you a complete list of terrorist bombings in the United States?

(2) Do any foreign terrorist groups have liaison of any kind with groups in the United States? Please go into detail.

(3) Do you know of any foreign financing for any terrorist or violence groups in the United States?

(4) Can you cite any cases illustrating the possibility of operational corroboration between domestic or foreign terrorist groups?
